### **IDM Mining Announces Non-Brokered Private Placement**

**May 19, 2015, Vancouver, BC** – IDM Mining Ltd. (TSX:IDM) (“IDM” or the “Company”) – IDM Mining Ltd. (TSX:IDM) (“IDM” or the “Company”) announces a non-brokered private placement offering (the "Offering") to sell flow-through share units ("Flow-Through Units") at a price of \$0.14 per Flow-Through Unit and common share units ("Common Share Units") at a price of \$0.10 per Common Share Unit, for aggregate gross proceeds of up to \$2.0 million.

Each Common Share Unit shall consist of one common share of the Company (a “Common Share”) and one-half of one non-transferable share purchase warrant, with each such whole warrant entitling the holder thereof to acquire one Common Share at a price of \$0.15 per Common Share for a period of twenty-four (24) months following the closing of the Offering.

Each Flow-Through Unit shall consist of one flow-through common share and one-half of one non-transferrable share purchase warrant, with each whole warrant entitling the holder thereof to acquire one non flow-through Common Share in the capital of the Company at a price of \$0.18 per Common Share for a period of twenty-four (24) months following the closing of the Offering.

The warrants issued in the Offering will not be listed for trading.

A maximum of 20 million units are issuable under the Offering, which assumes that the maximum gross proceeds are raised through the issuance of Common Share Units only.

The Company will pay to certain finders a cash fee equal to 7% of the gross proceeds raised from the sale of the Flow-Through Units and the Common Share Units to purchasers introduced to the Company by the finder (collectively, the "Found Units") and will issue finder warrants equal to 7% of the Found Units sold pursuant to the Offering, with each finder warrant entitling the holder to purchase one Common Share at a price of \$0.18 for a period of twelve (12) months following the closing of the Offering.

The Company intends to use the net proceeds of the Offering for continued permitting, engineering and development activities on its Red Mountain Property located near Stewart, BC and for working capital purposes.

The Offering is subject to receipt of regulatory approvals including approval of the Toronto Stock Exchange and may also be subject to shareholder approval.

This press release does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful, including in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "1933 Act") or any applicable securities laws of any state of the United States and may not be offered or sold in the United States, or to, or for the account or benefit of a U.S. person (as defined in Regulation S 2 under the 1933 Act) unless registered or pursuant to an available exemption from such registration requirements.

## ABOUT RED MOUNTAIN

IDM Mining is currently earning an option to acquire a 100% interest in the 17,125 hectare Red Mountain property, located 15 kilometers northeast of Stewart, BC. Numerous precious and base metal targets have been identified by IDM and previous operators over a 15 km by 4 km trend of strong alteration and mineralized prospects. Since discovery in 1989, in excess of \$40 million has been spent on the Project including a production sized underground ramp.

**Forward-Looking Statements:** *Some statements in this news release contain forward-looking information or forward-looking statements for the purposes of applicable securities laws. These statements include, among others, statements with respect to proposed exploration and development activities and their timing, resource estimates and potential mineralization, the PEA, including estimates of capital and sustaining costs, anticipated internal rates of return, mine production, estimated recoveries, mine life, estimated payback period and net present values, opportunities to enhance the value of the Red Mountain Project and other plans and objectives of IDM. These statements address future events and conditions and, as such, involve known and unknown risks, uncertainties and other factors, which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the statements. Such factors include, among others and in addition to those described elsewhere in this release, delays in obtaining or inability to obtain required government or other regulatory approvals, permits or financing, the risk of unexpected variations in mineral resources, grade or recovery rates, of failure of plant, equipment or processes to operate as anticipated, of accidents, labor disputes, and unanticipated delays in completing other development activities, the risk that estimated costs will be higher than anticipated and the risk that the proposed mine plan and recoveries will not be achieved, equipment breakdowns and bad weather, the timing and success of future exploration and development activities, exploration and development risks, mineral resources are not as estimated, title matters, third party consents, operating hazards, metal prices, political and economic factors, competitive factors and general economic conditions. In making the forward-looking statements, the Company has applied several material assumptions including, but not limited to, the assumptions that: required approvals, permits and financing will be obtained; the proposed*

*exploration and development will proceed as planned; with respect to mineral resource estimates, the key assumptions and parameters on which such estimates are based; that the proposed mine plan and recoveries will be achieved, that capital costs and sustaining costs will be as estimated, and that no unforeseen accident, fire, ground instability, flooding, labor disruption, equipment failure, metallurgical, environmental or other events that could delay or increase the cost of development will occur, and market fundamentals will result in sustained metals and minerals prices. The Company expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise except as otherwise required by applicable securities legislation.*
